

Disease Lurks in every possible spot

There is only one means of combating disease. That is at the source, by destroying the germs. A reliable disinfectant should be used about the stables, out buildings, hen houses, hog houses, in cess-pools and about the bath room, sinks, etc.

No. 6 Disinfectant is best by test.

It is six times as powerful as carbolic acid. It is non-poisonous which makes it safe. Diluted with water as directed, it is economical and truly efficient.

WHY NOT WHICH?

YOUNG MAN, why is it that

one chap about your age on a

moderate salary, can live well, dress

neatly, save a little and keep out of

debt, while another, same

age, same salary, is always in

these chaps you resemble.

LAYERS OR BOARDERS.

The ability to accurately judge by ex-

will make a good layer, or become an

expensive boarder is the first and most

important of the qualities which should

be acquired by many Maine farmers. Help-

Desserts from the Fall Fruits.

Comparatively few housewives get the full benefit of the variety of dishes that can be made from apples, peaches and cranberries. Seemingly there is nothing new, but imagination and necessity are wife, for there really are many ways to dress up the fall fruits and thus give variety to the menu. If you have never served simple apple desserts with a custard sauce, or turned cranberries into a delectable pudding, there is something in store for you.

To make Cider Bread Pudding, select six apples of bread about one-fourth inch thick and slice one ounce each. Butter the bread, using one tablespoonful to each slice. Have ready, too, one-half cupful of brown sugar, four large apples pared, cored and sliced, and one and one-half cupsful of cider. Put a layer of the buttered bread in a buttered baking dish; over this place a layer of the sliced apples, sprinkle with sugar; repeat until the dish is filled. Pour the cider over all and bake for one hour in an oven heated to 350° F. Serve hot or cold with cream.

Stuffed Apples with Meringue. Select six medium-sized apples and remove the cores and the skin about one-third of the way down. Start the cavities with dates, using three or four, not in small pieces, to each apple. Sprinkle the apples lightly with granulated sugar, place in a baking pan with a little hot water in the bottom, and bake at 400° F. until tender. Make a meringue by beating until very stiff the whites of three eggs; add six tablespoonfuls of granulated sugar and beat again; then add one-half cupful of sugar together with one-fourth cupful of vanilla and beat again. Arrange the apples on top of the baked apples, sprinkle the grated rind of an orange over all, and brown in a 300° F. oven for fifteen minutes. Serve cold with custard sauce made as follows: Sauté one and one-half cupfuls of milk in a double-boiler. Beat together slightly the yolks of three eggs, three tablespoonfuls of sugar, and a speck of salt. Pour the scalded milk over this mixture and return to the double-boiler to cook for about five minutes or until thickened. Flavor, when cool, with one-half teaspoonful of vanilla, and add one-half cupful of granulated sugar. Chill before serving.

Cereal Fruit Dessert. Pour two cupfuls of any hot, cooked cereal into a buttered, shallow dish; when cold, cut one-half inch squares. Place these in a buttered baking dish, and over them arrange a layer of sliced peaches, using about six good sized peaches. Sprinkle over all one-fourth cupful of sugar and top with a meringue made from the whites of two eggs, six tablespoonfuls of granulated sugar, and one-fourth teaspoonful of vanilla. Bake until brown in a 300° F. oven about fifteen minutes. Chill before serving.

Cranberry and Apple Jam Tarts. Combine in a saucepan two cupfuls of cranberries and two cupfuls of coarsely chopped apples, together with four cupfuls of granulated sugar and the juice of one lemon. Bring slowly to the boiling point and simmer about twenty minutes or until thickened. When cold, use as a filling to making tarts and turnovers.

For Apple Souffle, strain hot, unswelled apple sauce and measure one cupful. Add this, together with one-half cupful of boiling water, to one and one-half cupfuls of granulated gelatin which has been soaked for five minutes in one-half cupful of cold water. Stir until the gelatin is dissolved, then add two tablespoonfuls of lemon juice and one-fourth cupful of honey. Set aside to cool, and when beginning to congeal, stir with an egg-whisk until light. Fold in the whites of two eggs stiffly beaten. Pour into a wet mold or individual molds and put in cold place to stiffen. Unmold and serve with custard sauce, using the egg-yolks in the making.

Peach Pudding. Prepare one and one-half cupfuls of bread cut in one-fourth inch cubes. Cut peaches in small pieces and measure two cupfuls. Mix the peaches and bread cubes together and fill buttered, individual molds nearly full. Then pour on a custard mixture made as follows: Beat together slightly the yolks of two eggs, two tablespoonfuls of sugar, and a speck of salt. Pour over gradually one and one-half cupfuls of scalded milk and add one-half cupful of scalded milk and two tablespoonfuls of vanilla. Sprinkle seedless raisins over the top, about one-half cupful. Place in a pan containing water and bring to a boil. Then add one cupful of hot water and bake about thirty minutes in an oven heated to 350° F. Chill and serve with a custard sauce.

For a rich and delicious sauce, there can be none better than Pease Stewed in Cider. Make a syrup by melting one-half cupful of sugar in two cupfuls of cider. Cut four large pease into eight after coring and paring. Then stew the pease gently in the cider syrup until they are transparent.

Baked Cranberry Pudding. Stew together until tender two cupfuls of cranberries, one cupful of water, and one cupful of sugar. Break up two cupfuls of soft bread into crumbs. Cover a buttered baking-dish with a layer of crumbs, then add a few seeded raisins and half of the stewed cranberries. Dot over with butter, using one-half tablespoonful, and sprinkle with one-half cupful of sugar. Repeat, and place the rest of the breadcrumbs on top, dotting over with one-half cupful of sugar. Use altogether about one-fourth cupful of raisins. Bake until puffy and brown—about one-half hour in an oven heated to 375° F. Then cover with a meringue made from the whites of two eggs, six tablespoonfuls of granulated sugar, and one-fourth teaspoonful of vanilla. Return to a 300° F. oven for fifteen minutes. Serve cold with soft custard or cream.

Apple Custard. Put raw apples through the food-chopper and measure two cupfuls. Add one tablespoonful of lemon juice and place in a buttered baking dish. Dot over with one-half cupful of sugar. Bake in the usual way, using the yolks of four eggs, one-half cupful of granulated sugar, two cupfuls of scalded milk, and one-half teaspoonful of vanilla. Four custard over the apple pulp and make a meringue of one cupful of granulated sugar and one-half cupful of vanilla, according to directions found in one of the foregoing recipes. Arrange the meringue on top of the custard and bake for fifteen minutes at 300° F. When cold, decorate with fruit and cream.

Apples or Peaches in Rice. Use four apples and six peaches. Peel the fruit and cut in quarters. Add sugar and tender in a syrup made by cooking together one-fourth cupful of sugar and three-fourths cupful of boiling water. Place one cupful of freshly boiled rice in the bottom of a buttered baking dish and press it up on the sides to form a lining. Place the cooked fruit in the center and pour over this one-fourth cupful of sugar which has been dissolved in one cupful of water. Dot over with one tablespoonful of butter and spread the top with three tablespoonfuls of jam or marmalade. Bake at 400° F. for about ten minutes and serve hot with cream.

Apple Cream. Sweeten two cupfuls of strained apple sauce with the fourth cupful of granulated sugar. Make a soft custard in the usual way with one cupful of milk, the yolks of two eggs, and two tablespoonfuls of sugar, a speck of salt, and one-fourth teaspoonful of vanilla. Place the apple sauce in a buttered baking dish; make a hollow in the center and pour the custard in. Cover all with meringue made as above with the whites of two eggs, six tablespoonfuls of granulated sugar, and one-fourth teaspoonful of vanilla. Sprinkle grated orange rind over and bake fifteen minutes in a 300° F. oven. Chill before serving.

Cranberry Pudding. Cook together until soft one cup of cranberries and
